This account shall be maintained and used subject to the conditions and limitations of Sections 7-24.1 to 7-24.10 of the Municipal Code of Chicago and the conditions and limitations herein set forth.

Charges shall be based on the total cost of furnishing material and services, including for incidental and overhead expense, not to exceed the following percentages: Twenty per cent of the direct labor charges and seven per cent of the material and other charges; provided that charges for the use of trucks, compressors, mixers and other rolling and mechanical equipment shall be made on a unit rate per day or other unit as shall be determined by the Commissioner of Streets and Sanitation and approved by the Comptroller. Such unit rate or other basis of charge shall be determined and shall be adjusted from time to time on the basis of actual cost for furnishing the use of such equipment, which cost shall include expense incidental to the maintenance, housing and operation of such rolling and mechanical equipment and an appropriate charge for depreciation. The rates or other basis as determined from time to time shall be reported to the Committee on Finance of the City Council showing the various details included as parts of the total rate or other basis.

A reserve for depreciation shall be set up for all charges for depreciation included in the costs. Amounts equivalent to the periodic charges for depreciation shall be transferred from the general cash of the Electrical Construction Capital Account to a depreciation reserve fund and expended therefrom for the replacement of rolling and mechanical equipment.

ENGINEERING REVOLVING FUND

The Engineering Revolving Fund is established for the purpose of doing the necessary work in connection with the engineering, inspection and supervision of projects under the jurisdiction or supervision of the Department of Public Works of the City of Chicago, the expense of which is to be reimbursed from appropriations of the City funds, from funds of other governmental agencies or by private persons.

This account shall be maintained and used subject to the conditions and limitations of Section 7-24.1 to 7-24.10 of the Municipal Code of Chicago and to the conditions and limitations herein set forth.

Charges shall be based on the total cost of furnishing the services including not to exceed twenty percent for overhead and incidental expenses, provided that the engineering and drafting furniture, machinery and equipment used in the furnishing of services shall be charged for at fair rates as established by the department, subject to the approval of the Comptroller. Such rates for furniture and equipment used in furnishing of services shall be determined and shall be adjusted from time to time on the basis of actual cost for furnishing the use of such equipment, which cost shall include expense incidental to the maintenance and operation of such equipment and furniture and an appropriate charge for depreciation. The rates or other basis as determined from time to time shall be reported to the Committee on Finance of the City Council showing the various details included as parts of the total rate or other basis.

A reserve for depreciation shall be set up for all charges for depreciation included in the costs. Amounts equivalent to the periodic charges for depreciation shall be transferred from the general cash of the Engineering Revolving Fund to a Depreciation Reserve Fund and expended therefrom for the replacement of equipment.

Expenditures are authorized for all items as may be necessary, as shall enter into or become a part of the cost of furnishing the services herein authorized.

Expenditures for salaries and wages, including increments for schedule salary adjustments, and compensation for use of personally-owned automobiles are limited to such positions, such number of positions, and rates of compensation as are specified hereunder.

Additional compensation of twenty-five cents per hour is authorized to be paid to employes during such periods as they may work under compressed air.

Overtime at established rates is authorized to be paid to employes.

Congratulations Extended to Aldermen Ronan, Massey and Shapiro on Election to Higher Offices.

Three proposed resolutions (presented by Alderman Keane in behalf of Honorable Richard J. Daley, Mayor,

for himself and for all the other members of the City Council) reading respectively as follows:

WHEREAS, Alderman Daniel J. Ronan was elected to the Congress of the United States as a representative from the Sixth Congressional District of Illinois on November 3, 1964; and

WHEREAS, His record of service as a member of the United States Army Air Corps in the China-India-Burma Theatre during World War II, as a member of the General Assembly of the State of Illinois for two sessions, as Alderman of the 30th Ward since 1951 and as Democratic Ward Committeeman of that ward, is one characterized by a deep sense of duty and a keen and constructive interest in public affairs; and

WHEREAS, The scope of his work with the City was rigorous in its demands and far-reaching in its effect. During his years of stewardship in this City Council he made outstanding contributions to the safety and welfare of the people of Chicago through his work as Chairman of the Committee on Traffic and Public Safety, and, later, as Chairman of the Committee on Buildings and Zoning. An outstanding, loyal, generous and sincere personality, he gave unstintingly of his time and experience to all the members of this Body, earning in return the respect and good will of his colleagues; now, therefore,

Be It Resolved, That Honorable Richard J. Daley, Mayor, and the members of the City Council of the City of Chicago, with a deep sense of our regret in losing him as a member of this Body, hereby congratulate Congressman Elect Daniel J. Ronan on his election to National office, confident that in his new undertaking he will display the same loyalty and talent for public affairs which typified his service as a member of this Body, and express our sincere wish that he will find in his work in Congress the same opportunity and pleasure which made him such a delightful colleague and friend and such a valued public servant; and

Be It Further Resolved, That this resolution be spread upon the Record of the Proceedings of the City Council, and that an engrossed copy thereof be presented to Congressman elect Daniel J. Ronan as a symbol of the esteem and effection in which he is held by his colleagues.

WHEREAS, Robert L. Massey, who represented the people of the 36th Ward in this City Council with marked efficiency and zeal since 1959, was elected Judge of the Circuit Court of Cook County on November 3, 1964.

Prior to his election as an Alderman, he served as an Assistant Corporation Counsel of the City of Chicago and also as a Member of the General Assembly of the State of Illinois; and

WHEREAS, As Vice-Chairman of the Committee on Health of this City Council, Alderman Massey devoted himself untiringly to the promotion of the health, safety and welfare of the people of Chicago, and by the patience, ability and consideration displayed by him in the execution of his duties earned the admiration and respect of those with whom he was associated; therefore,

Be It Resolved, That Honorable Richard J. Daley, Mayor, and the members of the City Council of the City of Chicago, conscious of the outstanding work performed by him while a member of this body, hereby congratulate Robert L. Massey on his election as Judge of the Circuit Court of Cook County, and convey to him our best wishes for a long and successful career in his new and important undertaking; and

Be It Further Resolved, That this resolution be spread upon the Record of the Proceedings of the City Council, and that an engrossed copy thereof be presented to Judge Massey as a symbol of the esteem and affection in which he is held by his colleagues.

WHEREAS, Alderman Philip A. Shapiro was elected Judge of the Circuit Court of Cook County at the Election held on November 3, 1964, as a result of which this City Council will shortly suffer the loss of a true and loyal colleague, who represented the people of the 39th Ward in this Body honorably and ably since 1959, acquitting himself in a manner which merited the respect and confidence of all with whom he worked; and

WHEREAS, Prior to his election as Alderman, Philip A. Shapiro served as a Master in Chancery of the Superior Court of Cook County for nineteen years, in which capacity he displayed great ability and understanding in his handling of the matters before him; therefore,

Be It Resolved, That Honorable Richard J. Daley, Mayor, and the members of the City Council of the City of Chicago, hereby congratulate Philip A. Shapiro on his election, express our appreciation of his fine work while a member of this Council, and convey to him our best wishes for a long and successful career as Judge of the Circuit Court of Cook County; and

On separate motions made by Alderman Keane, *each* of the foregoing proposed resolutions was *Adopted* unanimously.

Alderman Keane and all the other members of the City Council present, in seconding the foregoing resolutions, stated that each of the Aldermen who were retiring from the City Council had given their utmost in their endeavors to serve the people of their respective Wards and the people of the City of Chicago.

They stated that Alderman Ronan was very fair, courteous and helpful to all members of the City Council in their relations with him as chairman of two important committees of the City Council; that Aldermen Massey and Shapiro, although not chairmen of any standing committee, were cognizant of their duties and exhibited fairness and integrity in all actions affecting the City Council. They also stated that each of the retiring Aldermen would be sorely missed and extended best wishes for good health and success in their new offices, stating that the Congress of the United States would profit by the services of Alderman Ronan, and the judiciary by the legal experience of two fine jurists.

The Mayor thereupon called upon Alderman Ronan to address the Council. The Alderman expressed his pleasure at having served for fourteen years as a member of the City Council, stating that he considered each member a true and valued friend and that he had been helped by His Honor, the Mayor, and by Alderman Keane, whose many acts of kindness had guided him in many of the problems he had faced as an alderman and as chairman of the two Council committees he had headed. He thanked his other colleagues, the Council Committee staff, department

heads and other dedicated City employes whose cooperation he would always remember and whose well wishes he would always cherish.

The Mayor then called on Alderman Massey who addressed the Council stating that as a new member of the City Council he had soon realized he was working with a very industrious and devoted group who were giving their best efforts to the problems of City government. Alderman Massey thanked the Mayor, Alderman Keane and the other members of the City Council whose experience and cooperation had enabled him to carry out his duties and responsibilities as an alderman.

The Mayor next called upon Alderman Shapiro who also thanked the Mayor, Alderman Keane and all the other members of the Council whose assistance and guidance had helped him to accomplish his objectives which were beneficial to the people of his ward and the City. He stated that he had enjoyed his association with the aldermen and thanked them for their good wishes.

Commendation to Edward F. Healy on Election as Judge of Circuit Court of Cook County.

Also a proposed resolution reading as follows:

WHEREAS, Mr. Edward F. Healy, who was elected as a Judge of the Circuit Court of Cook County on November 3, 1964, organized the City Council Legislative Reference Bureau in 1955, and has served as its Director since that time. The fine quality of work developed under the direction of Mr. Healy has merited the praise and approbation of members of the City Council who availed themselves of the excellence of service at hand in the Bureau.

The installation of Edward F. Healy on December 7, 1964, as Judge of the Circuit Court of Cook County foreshadows Chicago's being deprived of the services not only of an outstandingly capable City servant, but also of a man of broad vision and experience, acquired as a result of painstaking application to duties in a number of important positions held by him over a long period of time, the faithful discharge of which reflected great credit upon him.

Since his admission to the Bar in 1928, Mr. Healy has served as an Assistant Corporation Counsel and subsequently as an Assistant State's Attorney under State's Attorneys Courtney, Touhy and Boyle. During his tenure as Assistant State's Attorney, he tried many important cases and served from time to time as Acting First Assistant State's Attorney.

He is a member of the Chicago, West Suburban, Illinois and American Bar Associations, and for a number of years has been active in the affairs of the Chicago Bar Association, presently serving as a member of its Committee on Inquiry; now, therefore,

Be It Resolved, That the Mayor and the members of the City Council of the City of Chicago, deeply conscious of the fine services Mr. Healy has rendered the City as organizer and Director of its Legislative Reference Bureau, and of his valued activities in other fields of public endeavor, hereby commend him for the outstanding contributions he has made in behalf of our City, and, in addition to expressing our appreciation, extend to him sincere and best wishes for success in his new important undertaking as a Judge of the Circuit Court of Cook County; and

Be It Further Resolved, That the City Clerk be directed to forward a copy of this resolution to Mr. Healy.

On motion of Alderman Sain, seconded by Alderman Joseph T. Burke, the foregoing resolution was *Adopted* unanimously.

Alderman Sain addressed the Council stating that Mr. Healy was a personal friend of his, of long standing, that he had served as an assistant State's Attorney under three administrations, frequently acting as first assistant and carrying on his duties in a manner that reflected greatly to the credit of the State's Attorney's office; he served as president of his ward organization and he also served as counsel for many of the poor people of his ward who could not afford the services of an attorney. He voiced his gratitude to the Mayor and members of the Council for their kind expressions stated in the resolution, commending Mr. Healy.

Alderman Joseph P. Burke also addressed the Council and stated that he had known Mr. Healy for many years and that he always respected him as a lawyer, and as a humanitarian. He wished him good luck in his newly elected position.

Appreciation Extended to Lillian Egerton for Services Rendered.

Also a proposed resolution reading as follows:

WHEREAS, Miss Lillian Egerton will shortly be taking leave of her many friends and associates in and about the Chicago City Council in furtherance of her decision to retire and take residence in Port Charlotte, Florida, a spot near and dear to her heart; and

WHEREAS, Lillian Egerton, who was assistant to the Director of the City Council Legislative Reference Bureau since its organization in 1955, devoted herself conscientiously and assiduously to the duties of her position, endeavoring at all times to make available to members of the City Council the services of her office. She played an important role in the operation of the Bureau.

A very capable person, Miss Egerton also served with high efficiency and distinctive zeal as Secretary of the Chicago Building Congress from 1938 to 1940, and as Executive Secretary of the Citizens Association of Chicago from January 1, 1943 to June 16, 1954.

The Aldermen and others who shared in or benefited from the results of her work will miss Miss Egerton, but will hold her in pleasant memory; therefore,

Be It Resolved, That the members of the City Council of the City of Chicago hereby express their gratitude for a job well done by this loyal, public employee, and, further, express the ardent wish that Lillian Egerton will enjoy health and many well-deserved years of happy retirement; and

Be It Further Resolved, That the City Clerk be directed to forward a copy of this resolution to Miss Egerton.

On motion of Alderman Keane, the foregoing resolution was *Adopted* unanimously.

Alderman Keane and Alderman Joseph P. Burke stated that Miss Egerton was one of the original

employees of the Legislative Reference Bureau who had rendered fine service to all the Aldermen in legislative matters, that the Bureau when created was non-partisan and that Miss Egerton carried out the duties of the Bureau on that basis to all requests made upon her in connection with City Council activities. They expressed their good wishes for health in her retirement.

By unanimous consent, at the suggestion of Honorable Richard J. Daley, Mayor, the City Council suspended the regular order of business to pay tribute to the memory of the late Alderman Alphonse R. Tomaso.

—

Tribute Paid to Late Alderman Alphonse R. Tomaso.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council, submitted the following proposed resolution:

WHEREAS, God, in His infinite wisdom, has taken from our midst our greatly beloved colleague, Alderman Alphonse R. Tomaso of the Twenty-eighth Ward; and

WHEREAS, Each of us feels a deep sense of personal loss at the passing of this gentlemanly and modest co-worker, who moved among us with an admirable attitude of devotion to his public duties; and

WHEREAS, Alderman Tomaso, who was aged fifty-seven, and who was elected to the City Council in February of 1963, died on Wednesday, December 16, 1964, after a comparatively short illness; and

WHEREAS, Before his election he worked for six years as public relations director for the City's Aviation Department and was for ten years an assistant to the Illinois Secretary of State, functioning with great effectiveness in these capacities; and

WHEREAS, Alderman Tomaso was a graduate of St. Ignatius High School and of Loyola University Law School, in which he served for a time as an instructor; and

WHEREAS, His death deprives the people of the Twenty-eighth Ward of a fine leader and neighbor who was always available to serve his community and city; now, therefore,

Be It Resolved, That the members of the City Council in meeting assembled this eighteenth day of December, A.D., 1964, make public acknowledgment of our sorrow at the death of Alderman Tomaso and extend to his wife, Lucille, his two sons, his brother, and his two sisters, our sincere condolences on this sad occasion of their great loss.

On motion of Alderman Keane (seconded by Aldermen Murray, Wigoda, Marzullo, Metcalfe, Fitzpatrick, Sperling, Ronan, Parrillo, Zelezinski, Buchanan and Danaher) said proposed resolution was *Adopted,* unanimously, by a rising vote.

In making his motion to adopt Alderman Keane recalled his long association with the late Alderman, whom he had known since their high school days at St. Ignatius High School. He stated that in those years he had earned his respect and admiration as a fine neighbor, a scholar and teacher, as well as a lawyer of outstanding ability and integrity. Alderman Keane extended his condolences to Mrs. Tomaso, his sons and members of the late Alderman's family.

The seconding aldermen referred to the many commendable characteristics they had noticed in the late Alderman's personal and public life, notably his basic humility, his fairness, his love of people of all social classes, and his generosity in contributing legal services when needed by his constituents. They stated that Alderman Tomaso would always be remembered for his devotion to his family, friends, profession, and his dedication to the welfare of the community, who had guided his professional life after St. Thomas More, the English jurist, wit and martyr. They concluded by offering condolences to the bereaved family.

Honorable Richard J. Daley, Mayor, thereupon presented Anthony Girolami, Clerk of the Probate Division of the Circuit Court, who had been the predecessor of Alderman Tomaso in the Council, and who addressed the Council in tribute to his late friend and associate, whom he remembered for his activities with the Boy Scouts and as President of the Sportsmen Club of Chicago, whose passing was a great loss to his friends and to the community he served.

Honorable Richard J. Daley, Mayor, thereupon presented Robert and Alphonse Tomaso, Jr., the late Alderman's sons, who acknowledged the eulogies paid to their father.

Thereupon Honorable Richard J. Daley, Mayor, addressed the Council paying tribute to the memory of the late Alderman, expressing his sadness at the loss of a personal friend and devoted public servant. He concluded by extending sympathy to the bereaved family.

PRESENTATION OF FOOTBALL TROPHIES TO WEBER HIGH SCHOOL AND CHICAGO VOCATIONAL HIGH SCHOOL.

Honorable Richard J. Daley, Mayor, thereupon presented representatives of Weber High School, whose football team won the city high school football championship for 1964 by defeating the football team of Chicago Vocational High School, champion of the public high schools. The Weber High School representatives were the following:

Rev. George G. Jendrach, C.R., President of the school;
Rev. Edwin F. Karlowicz, Athletic Director;
Joseph Sassano, Coach;
James Righeimer, Assistant Coach;
Richard "Chico" Kurzawski and Richard G. Losniak, Captains of the football team.

Honorable Richard J. Daley, Mayor, thereupon called on the Reverend George G. Jendrach to address the Council. Father Jendrach responded by thanking the Mayor and the Aldermen for their interest and efforts in promoting the Annual High School Football Championship Games, and stated that this event at the close of each season makes a significant contribution to the sportsmanship of the students.

The Mayor then called on Coach Joseph Sassano, who also thanked the Mayor and members of the City Council for the opportunity of once again, as in 1961, being present in the Council Chamber with his championship team. Coach Sassano also stressed his belief

that the game and the event affords the members of the team a fine opportunity for physical and mental growth, which they carry with them into their entire life.

Honorable Richard J. Daley thereupon presented the championship trophy to Richard Kurzawski and Richard G. Losniak.

The Mayor next introduced the following representatives of Chicago Vocational High School, as winners of the public school league:

Mr. Eugene H. Beaver, Principal;

Mr. Bernard O'Brien, Coach;

Joe Aguirre and Bob Sprazewski, Captains of the football team.

The Mayor called on Mr. Beaver to address the Council, whose remarks included not only an expression of appreciation for the opportunities afforded to high school football teams by the annual event at Soldier Field Stadium, but pride in the achievement of his team.

The Mayor next called on Coach Bernard O'Brien, who also thanked the Mayor and the members of the City Council for their interest in high school football games, which he feels makes a definite contribution to the morale and sportsmanship of the members of the teams.

At this point Honorable Richard J. Daley, Mayor, called the Council's attention to the presence in the gallery of Mr. Michael O'Brien, a veteran City employe and father of Coach Bernard O'Brien. Mr. O'Brien rose to acknowledge the introduction.

Thereupon Mayor Daley awarded the second-place trophy to Joe Aguirre and Bob Sprazewski on behalf of their team.

The awarding of the trophies being concluded, the teams with their principals and coaches retired from the Council Chamber to the applause of the Aldermen and guests in the gallery.

A transverse section of the surface of the finished pavement and gutters shall be an arc of a circle passing through the said gutter elevations and the elevation of the center of said finished roadway at every part of the roadway of said specified street(s) between the points herein described.

In all intersecting alley(s) herein specified at the street line(s) of said specified street(s) the surface of the finished pavement adjoining the curbing shall be even with the top of the curbing, and the surface of the finished pavement at the center of the roadway(s) of said alley(s) shall be three (3) inches below the top of the curbing; and a transverse section of the surface of the finished pavement at the street line(s) of said specified street(s) shall be an arc of a circle passing through the surface of the pavement adjoining said curbing and the surface of the pavement at the center of said finished roadway(s). The surface of the said pavement thence shall slope gradually to meet the surface of the finished pavement at the curb lines of said specified street(s).

On the sub-grade as formed and compacted shall be spread an insulation course of limestone screenings. Said insulation course shall be one (1) inch in thickness and shall extend across the full width of the roadbed.

On the insulation course as formed and compacted shall be spread a foundation course consisting of a layer of crushed limestone of the best quality, broken so as to pass through a ring of four (4) inches internal diameter and held on a ring of two (2) inches internal diameter. The stone spread shall be well graded as to sizes. It shall be evenly distributed so as to leave no pockets filled with the small size stone. This layer shall be thoroughly rolled with a self propelled three wheel roller, weighing not less than ten (10) tons. The rolling shall begin at the edge of the pavement and the roller shall move parallel with the center line of the roadway. The roller shall progress gradually towards the center of the roadway, uniformly lapping each proceeding track, covering the entire surface with the rear wheels and continuing until the stone does not creep or move ahead of the roller. After the crushed limestone has been thoroughly rolled and keyed, limestone screenings shall be applied gradually over the surface and the rolling continued until sufficient screenings have been applied to completely fill the interstices. The screenings shall be swept in with hand brooms to properly fill the voids. This spreading and rolling shall continue until no more screenings will go in dry. No excess of screenings shall be used before applying water. Immediately after the voids have been filled with screenings, the macadam shall be sprinkled until saturated, the sprinkler being followed by a roller. More screenings shall be added if necessary. The sprinkling, sweeping and rolling shall continue until a grout shall be formed of the screening and water that will fill all voids, and form a wave of grout before the wheels of the roller. The quantity of screenings and water necessary to fill the voids shall be determined by the engineer and shall be sufficient to produce a rough, granular surface. The rolling, at all times, shall begin at the sides, and then progress toward the center, thoroughly covering the entire surface with the rear wheels. When compacted. this layer shall measure not less than five (5) inches in thickness.

Upon the finished waterbound macadam base there shall be uniformly applied by an approved type of spreader box, two (2) inch stone to a depth providing a total base course thickness of three (3) inches after final compaction. After shaping to grade and rolling with a ten (10) ton roller three-quarter (¾) inch stone chips shall be broadcast and broomed into the surface voids at the rate of fifteen (15) pounds per square yard. Liquid asphalt at a temperature of 140 degrees F. shall be uniformly applied by a pressure distributor at a rate of one and one-half (1½) per gallons per square yard. Stone chips shall again be broadcast and broomed uniformly over the surface at the rate of fifteen (15) pounds per square yard. Liquid asphalt shall be uniformly applied by a pressure distributor at the rate of one-half (½) gallon per square yard. Stone chips shall be broadcast again at the rate of ten (10) pounds per square yard. The surface shall then be thoroughly rolled. The asphalt shall conform to the State Specification for Emulsified Asphalt R. S. 1 and R. S. 2, Page 640 of Illinois Standard Specifications for Road and Bridge Construction adopted January 2, 1952.

On the said foundation course shall be placed an asphaltic concrete surface course two (2) inches in thickness consisting of an asphaltic concrete mixture conforming to the standard requirements of the Illinois State Division of Highways for Type 1-11 Asphaltic Concrete adopted January 2, 1952, as follows: the Asphaltic mix shall consist of a mineral aggregate bonded with the asphaltic cement. The mineral aggregate shall consist of the best quality of crushed gravel or crushed stone in sizes graduated in accordance with the following table, viz:

Asphaltic Concrete Surface Courses, Fine Dense Graded Aggregate Type

Passing ½ inch sieve	95-100%
Passing ½ inch, retained on No. 4 sieve	45-65%
Passing No. 4 retained on No. 10 sieve	10- 30%
Passing No. 10 retained on No. 40 sieve	5- 18%
Passing No. 40 retained on No. 50 sieve	7- 22%
Passing No. 80 retained on No. 200 sieve	5- 13%
Passing No. 200 sieve	4- 8%
Bitumen	5- 7%

(Table 45. 11p. 247 State Specifications.)

The asphaltic cement shall conform with the standard requirements of the Illinois State Division of Highways for Grade P.A. 6, Paving Asphalt, adopted January 2, 1952. It shall have a flash point (Cleveland open cup) 500 plus Fahrenheit. It shall have penetration at seventy-seven (77) degrees

Fahrenheit of seventy-five (75) to eighty-five (85), and at least ninety-nine and five-tenths (99.5) per cent of bitumen shall be soluble in carbon disulphide.

When fifty (50) grams of said paving asphalt is heated in an uncovered tin box five and one-half (5½) centimeters in diameter and three and one-half (3½) centimeters in depth and is held at a temperature of three hundred and twenty-five (325) degrees Fahrenheit for five (5) hours, then it shall have lost not over two (2) per cent by weight and the penetration of the residue thus obtained shall not be less than seventy (70) per cent of the penetration before such heating, said penetration being determined as herein described. Said paving asphalt shall have a ductility of not less than one hundred (100) centimeters being determined by elongating a briquette Dow. form of said paving asphalt at uniform rate of five (5) centimeters per minute at a temperature of seventy-seven (77) degrees Fahrenheit.

The paving asphalt and mineral aggregate shall be mixed when heated between three hundred (300) and three hundred fifty (350) degrees Fahrenheit in an approved mixer to produce a homogenous mixture in which all particles of aggregate are coated uniformly. The heated mixture shall be delivered to the pavement in trucks with approved clean tight dump bodies. The temperature when delivered at the street shall be between two hundred fifty (250) and three hundred fifty (350) degrees Fahrenheit. Upon arrival the asphaltic mixture shall be spread upon the prepared base at a uniform depth and consistency so that the thickness when compacted as herein described will be two (2) inches. Immediately after the asphalt surface course shall be spread it shall be connected thoroughly and uniformly with a three (3) wheel roller or a tandem roller. The asphalt paving mix shall be dumped first upon approved steel dump pans outside of the area on which it is to be spread. Immediately thereafter it shall be distributed into place with shovels and spread with rakes in layers of uniform density and correct depth, unless a spreading machine is used. If a spreading machine is used it shall be of a type approved by the Board of Local Improvements. Immediately after the surface course mixture is placed it shall be compacted thoroughly and uniformly with a three-wheel roller or a tandem roller. One (1) or more three-wheel rollers and one (1) or more tandem rollers will be required. The actual number of such rollers to be determined by the Engineer in accordance with the progress of the work. If the production of the asphalt plant delivered to the pavement exceeds seventy-five (75) tons per hour additional rollers shall be furnished as directed by said Engineer. After a final rolling the asphalt surface course shall at all points have a density of not less than ninety-five (95) per cent of the maximum possible density of a voidless pavement composed of the same materials in like proportions.

Concrete crosswalks shall be built at intersection only. Concrete crosswalks shall be built according to the Standard City Code of the City of Chicago.

The concrete shall conform to Class X Concrete (as described in this ordinance for curbs and gutters).

All existing catchbasins which are to be abandoned are located at the intersections of streets. Where existing catchbasins are to be abandoned, the outlet pipe connection from the catchbasin to the sewer shall be plugged and properly sealed and the corbel courses broken down and the catchbasin cleaned and filled with suitable material.

Said work is to be done in a workmanlike manner under the superintendence of the Board of Local Improvements of the said City of Chicago.

Section 2. Section 4. That the aggregate amount herein ordered to be assessed against the property, and also the assessment on each lot and parcel of land therein assessed shall be divided into five (5) installments in the manner provided by the statute in such cases made and provided, and each of said installments shall bear interest at the rate of five (5) per centum per annum according to law until paid.

B. *Project Boundaries:*

Project Pershing-Cottage Grove is bounded generally as follows: on the north by an east-west line parallel to the south right-of-way line of 38th Street extended and by Pershing Road, on the east by Ellis Avenue, on the south by Oakwood Boulevard and on the west by Cottage Grove and Langley Avenues. Those boundaries are shown on the boundary map, and given in the legal description attached to this statement.

C. *Land Use Plan:*

1. *General:*

The objective of the redevelopment plan for this project is to provide public housing residential use for low income families, as well as to provide community facilities. The type of uses, the location of these uses and the approximate amounts of land to be devoted to each use is shown on the attached Land Use Plan.

2. *Public Housing Residential:*

This area is proposed for renewal to augment the housing recently constructed west of Cottage Grove and thereby advance continued renewal of this community. A portion of this area will be acquired by the Department of Urban Renewal and sold to the Chicago Housing Authority, while another section will be purchased from existing owners by the Chicago Housing Authority, cleared and redeveloped by the Authority.

Major controls include maximum density of 75 dwelling units per acre and maximum structure height of 180 feet. Adequate open space shall be provided through provision of appropriate structure setbacks from streets, and provision of lawn areas and play areas. Adequate off-street parking and loading provisions are to be provided in accord with needs of the residents.

3. *Convenience Goods Shopping Center:*

The major portion of the block southwest of Pershing Road and Cottage Grove Avenue will be developed as a neighborhood shopping center. By such a center is meant a grouping of facilities which provide major necessities and which includes business retail and service uses, such as supermarket or grocery, gas station, restaurant, drug store, and laundry and dry cleaning pick-up.

A portion of the area designated for this center may be developed with some community oriented business service and retail facilities where they will not conflict with the major function of the center, which is to make convenience goods available to the immediate residential environment. These community oriented business service and retail facilities may include a drive-in restaurant, automobile service and allied sales, and other repair services.

This shopping center, in accord with such contemporary developments, will be low in structure height and have adequate open space through provision of setbacks from property lines, and also appropriate pedestrian walkways, and landscape treatment. Other open space will be utilized for off-street parking in accord with standards found necessary in a location near to the center of the city where high density residential development is well served by mass transportation facilities. Off-street loading facilities will be provided as required to clearly separate loading operations, from consumer vehicular parking or other center operations.

4. *Community Center:*

The Abraham Lincoln Center serves this community with a program for all age groups. The six-story brick structure at 700 East Oakwood Boulevard, which houses the Abraham Lincoln Center, may not be acquired, providing the owner conforms it to the applicable city codes and ordinances. Such property may be acquired if the owner does not abide by the requirements of this Redevelopment Plan.

The land due north of this structure and extending to widened Pershing Road is proposed for open space and possibly additional indoor Center facilities. This additional land is proposed for purchase and development by the Chicago Housing Authority.

The land owned by Abraham Lincoln Center and that proposed for extension of its facilities, shall be improved with appropriate setbacks from the street, off-street parking and loading, surfacing and equipment, landscape treatment, and other necessary facilities so that the improvements will harmonize with existing and proposed improvements on adjacent property.

5. *Street Improvements:*

Pershing Road, as a preferential street allowing traffic ready access to the Dan Ryan or Lake Shore Expressways, needs to be widened and connected to the bridge overpass over the Illinois Central right-of-way at Oakwood Boulevard. Pershing Road right-of-way thus will be widened 34 feet to the south or from 66 to 100 feet in width, and will then cut through the small block in the southeast portion of the project. The triangle of land south of re-aligned Pershing Road will be dedicated as public right-of-way for use as a small open green space. A portion of existing Pershing Road between Cottage Grove and Ellis Avenues will be vacated and incorporated into the residential section of the project.

D. *Controls:*

1. *Land Use Controls* relating to the specific uses are given in the respective sections of this statement.
2. *Design:*

Design objectives relate to two phases of development. The first deals with land use relationships, and the second with architectural and site plan

relationships and design details which greatly influence the quality of the ultimate development.

Residential and community facility use of this project is intended to assist in forming a coordinated neighborhood development. Complete community facilities to include neighborhood shopping, schools and playgrounds, a community park, a community center, and churches will be provided either in the project or nearby.

In development of this residential neighborhood, one of the major objectives is to secure a high quality of architectural design, site planning, and landscape design in treatment of open spaces, buildings, use of material, scale, functional utility, and harmonious relation to existing development or proposed development.

Whenever screening is necessary to screen one use from another, a suitable screen will be provided consisting of trees, shrubs, or fencing of an open or closed type. Some such screening may be required on community center and shopping center property, or in other cases may need to be provided and installed by the developer of the residential area.

It is also expected that tot lots will be provided immediately adjacent to residential structure groupings. Thus, children too young to use the nearby school playground or the community park facilities, will have appropriate play facilities, and another visual element of real potential will be available.

3. *Contract Controls:*

The redevelopers, their successors or assigns will be required by contract to observe all provisions of the Redevelopment Plan, including land use controls, for a period of forty (40) years from the date of City Council approval of the first land disposition in the project area. Also, they will be required to submit a redevelopment progress schedule satisfactory to the Department. It is anticipated that redevelopers will not be permitted to defer the start of construction for a longer period than required for the preparation of architectural plans and the submission of such plans to the Department for the latter's determination as to conformance to the Redevelopment Plan. Generally this work should be completed within six to nine months.

4. *Revisions to the Redevelopment Plan:*

All revisions to this Plan after initial passage by the City Council, will be submitted to the City Council for separate approval.

E. *Approval of Project Pershing-Cottage Grove as designated, by the Chicago City Council and the Illinois State Housing Board:*

On July 5, 1961, the Chicago Land Clearance Commission, a predecessor of the Department of Urban Renewal, by Resolution No. 61-CLCC-136, designated the area as Slum and Blighted Area Redevelopment Project Pershing-Cottage Grove. The City Council ordinance and the Illinois State Housing Board resolution which approved such designation by the Commission were adopted July 28, 1961 and September 15, 1961, respectively.

This agreement shall consist of three parts:

AMENDED 4-20 1966, p. 6592

or impressed upon such agreement that are not set forth herein at length.

—

[This ordinance also contains "Part 1—General Conditions" which is identical with "Part 1—General Conditions" as printed at pages 2875-2878 of the Journal of the Proceedings of June 24, 1964.]

PART II—SPECIAL CONDITIONS.

1. Premises.

Landlord, for and in consideration of the covenants and agreements herein mentioned, to be kept and performed by both parties hereto, does hereby demise to Tenant, the premises designated as follows:

Area Number 2B33-B1, consisting of 843 square feet, more or less, located in Terminal Building No. 2 at Chicago-O'Hare International Airport, all as outlined in red on Exhibit A attached hereto, and by this reference made a part hereof.

2. Purpose.

Tenant agrees that the premises herein demised are to be used as a uniform shop solely for the purpose of selling, altering and repairing uniforms utilized by persons employed at Chicago-O'Hare International Airport and for no other purpose whatsoever.

3. Term.

The term of this agreement shall be for a period commencing January 1, 1965 and terminating December 31, 1965. It is understood and agreed that notwithstanding the above term, either party may cancel and terminate this agreement at the end of any month by thirty (30) days notice to the other party in writing of its election so to do.

4. Rental.

Tenant shall pay to Landlord as rent for the demised premises the sum of Five Thousand Fifty-Eight and 00/100 Dollars ($5058.00) per year or 5% of Gross Sales, whichever is the greater. Said payments are to be made as follows:

(a) Tenant shall pay on or before the 1st day of each month in advance, to the Comptroller, the sum of Four Hundred Twenty-One and 50/100 Dollars ($421.50). If any fixed rental hereunder commences after the first day or terminates prior to the last day of any month, such rental for such month shall be determined on a pro rata basis according to the number of days of such month involved.

(b) Tenant shall, on or before the fifteenth (15th) day of the following month, pay to the Comptroller as additional rental a sum equal of 5% of the Gross Sales of said calendar month less the amount prepaid. A final rental adjustment on the basis of Gross Sales for each lease year, or fractional part thereof ending in termination, shall be made through payment or refund by the 15th day of the 2nd month following the close of said lease year or fractional part thereof.

The term "Gross Sales", as used herein, shall be construed to mean, for all the purposes hereof, the aggregate amount of all sales made and services performed for cash, or credit, or otherwise, of every kind, name and nature, regardless of when or whether or not paid, and shall be computed to include the following:

(a) 15% of the sale price of uniforms sold under contract with airline purchasing offices, it being agreed between Tenant and Landlord that this is a representative allocation for local servicing, including measuring of the airline individual, first fitting, making of any minor alterations required, and final delivery;

(b) Full retail price of uniforms, the sale of which is initiated by individuals or is effected in any other way than under contract for original sale of uniforms with airline purchasing offices; and

(c) Full retail price of altering or repairing uniforms, performed otherwise than under contract for original sale of uniforms with airline purchasing offices.

5. Records.

Tenant agrees to record all fees and charges in accordance with accounting practices as may be directed with respect thereto by the Comptroller, which records shall be preserved by the Tenant and made available to Landlord upon demand. Tenant agrees to deliver to Landlord a statement of each month's Gross Sales derived therefrom on or before the Fifteenth (15th) day of the following month, and within Thirty (30) days after the end of each lease year, or fractional part of a lease year ending in termination, a statement, satisfactory to Landlord of the Gross Sales, made during the preceding year. The original of each such statement submitted to Landlord shall be delivered to the Comptroller and a copy of the Commissioner. The yearly statement shall be certified by a Certified Public Accountant if required by the Comptroller. In the event Landlord is not satisfied with any such audit or annual statement and gives Tenant written notice to that effect within sixty (60) days after Landlord's receipt thereof, then Landlord shall have the right, within sixty (60) days thereafter, at Landlord's expense, to cause any reputable audit company, satisfactory to Landlord and Tenant, to reaudit the Gross Sales made during the period covered by such audit and to recalculate said rentals payable for such period, and such reaudit and/or recalculation shall be accepted by both parties to this agreement as final. Tenant agrees, if such examination or audit discloses additional rental liability of two per cent (2%) or more, to pay the cost of such examination or audit. Landlord shall at all reasonable times have the right to examine the records and books of account of Tenant, and to make copies and excerpts therefrom.

6. Performance Bond.

At the time of the execution hereof, Tenant shall execute and deliver to the Comptroller a Performance Bond in form, type and amount as to be determined solely by the Comptroller, which bond shall guarantee faithful performance of the provisions of the contract.

Compensation Plan for City Employes Established for Year 1965.

The Committee on Finance submitted a report recommending that the City Council adopt a proposed resolution transmitted therewith, to establish a Compensation Plan for City employes for the year 1965.

On motion of Alderman Keane the said proposed resolution was *Adopted,* by yeas and nays as follows:

Yeas—Aldermen Metcalfe, Holman, Despres, Miller, Bohling, Condon, Lupo, Buchanan, Danaher, Zelezinski, J. P. Burke, Chew, Murray, Fitzpatrick, Campbell, Yaksic, Janousek, Tourek, Marzullo, Zydlo, Sain, T. F. Burke, Ronan, Keane, Sulski, Brandt, Sande, Laskowski, Cullerton, Kaplan, Scholl, Goldberg, Bauler, Rosenberg, Fifielski, Kerwin, Hoellen, O'Rourke, Wigoda, Sperling—40.

Nays—None.

The following is said resolution as adopted:

Whereas, The classification and wage and salary plan for City positions will promote greater efficiency and will reduce as far as possible the many inequities that have developed over the years in the classification and pay of employees; and

Whereas, The adoption of the plan will establish salary schedules for the various classifications based on costs of living in the Chicago area, prevailing salaries and the nature and responsibility of the positions. The plan establishes a sound and equitable personnel policy throughout the City service. It will encourage qualified men and women to seek a career in City service. It will reduce turnover. A longevity provision in the plan insures recognition for long and faithful service to the City. It will simplify budgeting of personnel services in all departments; and

Whereas, The Budget takes into consideration the provisions of the classification and wage and salary plan; and

Whereas, In order to coordinate the provisions and the appropriate rules relating to such classification and wage and salary plan and the provi-

sions of the Budget providing for the salaries for the fiscal year, it is desirable that the following declaration by the City Council be adopted;

Now, Therefore, Be It Resolved, That the following provisions governing the administration of compensation be adopted:

REGULATIONS GOVERNING THE ADMINISTRATION OF COMPENSATION FOR CLASSIFIED POSITIONS.

A. PURPOSE.

These regulations contain provisions governing compensation administration, benefits and working conditions for all classified positions under the jurisdiction of the Civil Service Commission in the departments and offices which are subject to control and regulation by and for which compensation is required to be fixed by the Mayor and the City Council of the City of Chicago, except the positions in the Chicago Public Library and the Chicago Board of Education; and for all positions in the departments which are exempted from the jurisdiction of the Civil Service Commission but which are subject to the control and regulation by and for which compensation is required to be fixed by the Mayor and the City Council of the City of Chicago.

B. ADOPTION AND DEFINITION OF THE COMPENSATION PLAN.

(1) *Adoption of the Compensation Plan.*

The salary schedules, including a range of pay for each class grade, as set forth in Schedule B—Base Salary Schedules for civil service classified positions (except positions with single rates) and for positions in the exempt offices; Schedule C—Longevity Salary Schedules for the positions covered by Schedule B; and Schedule D—Base Salary Schedules for Uniformed Firefighters and Police Positions, hereof, shall constitute the compensation plan for the City employees in departments which are subject to the control of the Mayor and the City Council. The class grade for each class of positions as specified in Schedule A-1-Civil Service Classified Positions; Schedule A-2—Municipal Court; Schedule A-3—Law Department; and Schedule A-4—Board of Election Commissioners, as on file with the Civil Service Commission, shall determine the salary range applicable to all positions of the class.

(2) *Base Salary Schedules.*

Each base salary range in Schedule B includes an entrance rate, an intermediate rate or rates and a maximum rate. The normal entrance rate shall be the rate so designated in the salary schedule for all salaried positions. Except as otherwise provided herein, the salary upon initial appointment to any position shall be at the entrance rate and advancement by successive steps from specified salary rate to the next higher rate shall be made on the basis of satisfactory service for at least the periods specified in the schedules.

(3) *Longevity Salary Schedules.*

Each longevity salary range in Schedule C includes four longevity pay rates. After at least one year of satisfactory service at the maximum rate of a base salary range, each salaried employee shall be advanced to the first longevity rate of that range when he has completed a total of six years of continuous service with the City. After at least one year of satisfactory service at this rate, the employee shall be advanced to the second longevity rate when he has completed a total of ten years of continuous service with the City. After at least one year of satisfactory service at this rate, the employee shall be advanced to the third longevity rate when he has completed a total of sixteen years of continuous service with the City. After at least one year of satisfactory service at this rate, the employee shall be advanced to the fourth longevity rate when he has completed a total of twenty years of continuous service with the City.

(4) *Salary Schedule for Uniformed Positions in the Fire and Police Forces.*

The salary schedule for uniformed positions in the Fire and Police Forces set forth in Schedule D includes an entrance rate, an intermediate rate or rates and a maximum rate in each base salary range. Except as otherwise provided herein, the salary upon initial appointment to any position shall be at the entrance rate and advancement by successive steps from each specified salary rate to the next higher rate shall be made on the basis of satisfactory service for at least the periods specified in the schedules.

(5) *Salary Rates Based Upon Full-Time Employment.*

The salary rates prescribed in the salary schedules are fixed on the basis of full-time service for normal work weeks of 35 to 40 hours except as indicated otherwise for certain classes in Schedules A-1, A-2, A-3 and A-4 which are on file with the Civil Service Commission. For positions which are professional, supervisory and executive in character, the normal work weeks of 35 to 40 hours generally apply, but the compensation is intended to be appropriate for the class regardless of variations in the time that may be required to satisfactorily fulfill the responsibilities of the positions.

(6) *Computation of Salaries of Part-Time Employees.*

A professional employee occupying a position in Class Grade 12 and above who is regularly employed on a continuing work schedule of less than 35 hours per week, shall be compensated on the following basis:

(PT-A)—Authorized part-time service more than one-half and not more than three-fourths full time—eighty per cent (80%) of rates prescribed for full-time employment.

(PT-B)—Authorized part-time service more than one-fourth and not more than one-half full-time, or part-time professional service on an available-as-needed basis—sixty per cent (60%) of rates prescribed for full-time employment.

(PT-C)—Authorized part-time service not more than one-fourth full-time—thirty per cent (30%) of rates prescribed for full-time employment.

Any other employee who is employed on a part-time schedule shall be paid for hours actually worked at an hourly rate equivalent to the salary rate of the position.

(7) *Continuity of Service.*

Service requirements for advancement within the salary ranges and for other purposes as specified in this resolution shall have the implication of continuous service within the City of Chicago, including the positions which are exempt from the jurisdiction of the Civil Service Commission. This means continuously paid employment without a break of interruption; provided that any absence on leave without pay or layoff for 30 days or less or absence in individual cases adjudged eligible for duty disability compensation or absence on military leave as set forth in Chapter 24-½, Paragraph 151 of the Illinois Revised Statutes, shall not affect the continuity of service. Absence from the City service on leave without pay for periods in excess of 30

days, all suspensions, time after layoff for more than 30 days and prior to reinstatement, and all absences without leave shall be deducted in computing total continuous service. All discharges and resignations not followed by reinstatement within one year shall interrupt continuous service and shall result in the loss of all prior service credit.

Any employees of the City who have rendered service to the County of Cook, the Chicago Park District, the Forest Preserve District, the Chicago Land Clearance Commission, the Chicago Housing Authority, the Metropolitan Sanitary District of Greater Chicago, the State of Illinois or the Chicago Board of Education shall have the right to have the period of such service credited and counted for the purpose of advancement within the longevity salary schedules, provided that the above interpretation of continuous service shall apply.

C. Application And Interpretation Of The Compensation Plan.

(1) *Starting Rate on Initial Employment.*

Original appointments to any positions shall be made at the entrance rate of the salary range prescribed for the applicable class grade. In exceptional cases, upon recommendation by the department head and by the Civil Service Commission, or in the cases of positions in the exempt offices by the Corporation Counsel, by the Judges of the Municipal Court or by the Board of Election Commissioners, and upon the approval of the Budget Director and the Chairman of the Committee on Finance of the City Council, original appointment may be made at any base rate above the normal entrance rate; provided that the position to which appointed involves executive, administrative, highly specialized, or professional duties and responsibilities; and provided further, that any such exception is based on the outstanding and unusual character of the applicant's experience and training over and above the minimum qualifications specified for the class.

(2) *Starting Rate on Return to Duty.*

When an employee returns to duty in a position of the same class grade after a separation from the City service of not more than one calendar year, which separation was not due to discharge or resignation for cause, such employee shall receive the rate in the applicable salary range of the step corresponding to the step at which paid at the time of separation, and shall subsequently serve thereat for at least such additional period as is required for advancement to the next higher step.

(3) *Starting Rate Following Promotion.*

When an employee is promoted or reappointed from one position to a position in a higher class grade, such employee shall be paid at the rate of the lowest step in the higher salary range that will provide an increase in salary of two steps over the salary paid in the preceding year, except when an employee is promoted a second time within a fiscal year, such employee shall receive an increase of one step over his salary rate in the previous position upon his second promotion, and further provided that such employee shall be paid at least at the entrance rate of the new position, even though this may provide an increase in excess of the aforementioned limitations.

(4) *Starting Rate on Reclassification of Position.*

In the event that a position is reclassified from one class of positions to another class of positions in the same class grade, the incumbent of such position when appointed to the new position by proper authority shall retain the salary he received in the former position.

In the event that the class grade for a class of positions is changed to a higher class grade by the appropriate authority, the incumbents of such positions shall retain the rate of pay received in the former grade and shall receive such rate of pay for such additional period as may be required for advancement to the next higher rate of pay, provided that such employees shall be paid at least the entrance rate for the new grade.

In the event that the class grade for a class of positions is changed to a lower class grade by the appropriate authority, the incumbents of such positions shall retain the salary they received in the higher salary range.

(5) *Starting Rate on Appointment to a Position of a Lower Class Grade.*

In the event that an employee is appointed to a position of a lower class grade, than that of his former position, such employee shall be paid at the same step in the lower class grade as he had been paid in the higher class grade, provided that when an employee receives a civil service promotion to a position which is of a lower grade level than the position in which he is employed the salary of said employee in the new position shall be based upon length of service in the position from which he is being promoted plus the length of service in the higher level position.

(6) *Anniversary Dates and Salary Schedule Advancement Following Salary Adjustment.*

After initial appointment to a classificd position under the jurisdiction of the Civil Service Commission or to a position in the exempt offices, the anniversary date for an employee for purposes of advancement within a salary range shall be adjusted to coincide with the date of an action which increases the pay of the employee. Such action may be in the form of pay advancement within a salary range, promotion, reclassification of the position or change of class grade of the position.

(7) *Limitation of Salary Adjustments.*

Personnel actions which result in increases in pay by means of advancement within a salary range, promotion, reclassification of position, or change of class grade of position shall be made as set forth herein, provided that no employee shall receive the benefit of more than two such actions in any fiscal year, unless a supplemental action is recommended by the department head and is approved (a) by the President of the Civil Service Commission for positions under its jurisdiction, or (b) by the appointing authority for positions in the exempt offices, and (c) by the Budget Director and the Chairman of the Committee on Finance of the City Council.

(8) *Accumulation of Service in One Class of Positions.*

Whenever an employee accepts work of the same or of a higher level under a different class of positions (or in an exempt position in the City service on leave of absence) and later returns to his former same or lower position, his term of employment under such different class of positions shall apply on and be added to his term of service in the same or lower level class upon his return to same, for the purpose of determining the appropriate rate of pay within the range appropriate for the class; provided his employment in the City service has been continuous as hereinbefore defined.

(9) *Recommendations for Pay Advancement within a Salary Range.*

The department head concerned shall recommend in writing to the Civil Service Commission, or to the appropriate appointing authority for positions in exempt offices, the advance in salary of each employee in his department who has met the requirements for salary advancement within the range for his position in accordance with the service requirements specified in Section B (2) and (3) dealing with base salary schedules and longevity schedule. In the case of a classified position under jurisdiction of the Civil Service Commission, the recommendation shall include a certification that the employee has a performance rating of not less than 70, as computed in accordance with the Performance Rating Guide issued by the Civil Service Commission.

The effective date of any salary advancement within the salary range shall be at the first day of the next pay period following the date the advancement is recommended and authorized as provided herein and approved by the Civil Service Commission or by the appointing authority for positions in the exempt offices.

D. PREVAILING RATE POSITIONS.

A prevailing rate (PR) position is hereby defined as one for which the rate is established under acceptable evidence of the wage prevailing in industry. Such positions are usually craft, labor or trade positions, and are not paid under the provisions of the Compensation Plan.

In the event that the pay basis for a position is changed from a prevailing rate to a salary schedule in a class grade the incumbent shall receive the lowest rate in the salary schedule that will not result in a decrease in salary. The Compensation Plan provisions shall thereafter govern.

In the event that an employee is appointed from a position paid on a prevailing rate basis to another position classified and paid under the Compensation Plan, such employee shall be given credit for the time served in the former position in determining the salary rate, provided that the duties performed in the new position shall be in the same line and character of work as the duties performed in the former position as determined by the Civil Service Commission and provided further that any increase in salary shall not exceed 5%, and provided further that the employee shall in no case receive less than the minimum rate of the salary range of the new position. (3) *Limitations of Available Funds.*

All ordinary and special compensation provisions herein shall be effective only in the event sufficient funds for the respective positions have been appropriated and are available.

F. AUTOMOBILE ALLOWANCE.

Any employee who is required and is authorized to use his personally owned automobile regularly in the conduct of official City business and whose title is so specified in the Budget shall be allowed and paid uniform monthly rates on the basis of the number of miles per month use of such privately owned automobile as provided in Section 7 of the appropriation ordinance.

An employee who is authorized by his department head to use his personally owned automobile on occasional trips within or outside the City in the conduct of City business shall be paid a mileage allowance at the rate of 8 cents per mile.

An employee who regularly uses his personally owned automobile in the conduct of City business and uses his car to store and transport heavy and bulky tools or equipment required in the performance of his work shall be paid $30 per month in addition to the schedule rate based on actual mileage, provided that the total of such payment shall not exceed $90 per month.

In determining actual mileage for which compensation will be paid, the mileage shall not be counted from employee's home to his first stop for the conduct of City business or from the employee's home to the office from which he received supervision if this is less than the mileage to his first stop, or on return from his last work stop or office of supervision to his home whichever is the least.

When any designated holiday falls on Sunday, the following working day shall be considered a holiday, except when this is a regular working day, such Sunday shall be the holiday.

(2) *Vacation Leave.*

(a) Each salaried or hourly rate employee who occupies a position in the classified service will be granted a vacation with pay of two calendar weeks (10 work days) after he has completed his first full year of service, provided that one week (5 work days) of the initial vacation allowance may be allowed after the first six months of service. Thereafter, he will be granted two calendar weeks (10 work days) vacation leave in each calendar year. Each salaried or hourly rate employee who has served the City for ten years or more shall be

granted a vacation of three calendar weeks (15 work days) in each calendar year. Each salaried or hourly rate employee who has served the City twenty years or more shall be granted a vacation of four calendar weeks (20 work days) in each calendar year. In each case, vacation shall be granted at the rate of pay and under the conditions of employment covering the employee at the time the vacation is taken.

(f) Any employee of the City of Chicago who has rendered service to the County of Cook, the Chicago Park District, the Chicago Housing Authority, the Chicago Land Clearance Commission or the Forest Preserve District, or the Metropolitan Sanitary District of Greater Chicago, the State of Illinois, or the Chicago Board of Education shall have the right to have the period of such service credited and counted for the purpose of computing the number of years of service as an employee of the City for vacation credit, provided that such service has been continuous as defined in this resolution.

(3) *Sick Leave.*

Each salaried employee in a classified position under the jurisdiction of the Civil Service Commission or in a position in the exempt offices may be given sick leave with pay for periods not exceeding twelve (12) working days in the aggregate during each calendar year, on account of sickness or related cause for absence which may be considered by the department head a sufficient and legitimate excuse for the employee's failure to be present and in attendance upon his duties; provided that the reason for the absence and the good faith of the employee in making the application for such leave shall be shown to the department head by such reasonable evidence as may be required by the Civil Service Commission or by the appointing authority in exempt offices. Each salaried employee appointed after January 1 of a calendar year, shall be allowed sick leave at the rate of one day for each month of employment.

(4) *Accumulation of Sick Leave Credit.*

Sick leave credit earned by an employee subsequent to January 1, 1959, shall accrue to a maximum of one hundred and twenty (120) work days at the rate of 12 days per year less days of sick leave used by the employee. Records of sick leave credit and use shall be maintained by each department head subject to examination and audit by the Comptroller, the Civil Service Commission, and the Committee on Finance of the City Council and the appointing authority in exempt offices. Severance of employment prior to the taking use of all or any part of such sick leave terminates all rights for compensation hereunder.

(5) *Extended Sick Leave.*

Vacation and sick leave periods may be combined, but only in the event that long continued sickness of the employee warrants such course. In an unusual case of an employee whose continued sickness extends beyond the amount of vacation and sick leave earned by the employee, a request for extended sick leave with pay may be submitted to the Committee on Finance of the City Council for approval, upon the recommendation of the department head concerned. When such extended sick leave is granted, it shall be the duty of the department head to maintain surveillance over the case and he shall have the power and duty to terminate such leave when employee is certified as able to return to work by a competent physician or other practitioner.

Provided, however, that the foregoing provisions with respect to holidays, vacations and sick leaves are not applicable to the uniformed members of the Police and Fire Departments and civilian crossing guards, except Section G (2) (c), which shall apply to Police and Fire personnel.

(6) *Vacation Leave for Exempt Offices.*

The policies and standards to govern vacation leave for positions under the jurisdiction of the Municipal Court, the Board of Election Commissioners and the Corporation Counsel shall be as set forth in the personnel regulations of these agencies.

(7) *Unauthorized Absence.*

Deductions will be made for unauthorized absence by monthly or annual employees on the basis of a daily rate determined by dividing the annual rate by the number of working days per year.

The legislative branch of the government has the right to determine its own rules and procedures, and while the representatives of the television industry may sit and observe, as well as the representatives of the press without the express authorization of the City Council, the right to televise is not possessed by the television media.

The question thereupon being put, on the motion to Suspend the Rules, the motion *Prevailed.*

22) The City of Berwyn agrees not to resell or permit any water furnished hereunder to be used to supply any other municipality or any consumer of water located or residing outside the territorial limits of the City of Berwyn, except if and when it should be specifically authorized so to do by the City Council of the City.

23) The City of Berwyn agrees to use City water exclusively during the period of this contract.

24) The City of Berwyn further agrees not to sell, lease or give any interest in or right or privilege to utilize its water supply main or mains to any other municipality or any consumer of water whose premises are located outside the territorial limits of the City of Berwyn, and further agrees not to permit any connection to be made to its water supply main or mains, except to supply consumers within the territorial limits of the City of Berwyn without first securing the consent in writing of the City Council of the City so to do.

The shutting off of the supply of water for any such cause shall not release the City of Berwyn from its obligation to make payments of any amount or amounts due or to become due in accordance with the terms hereof.

COMMITTEE ON POLICE, FIRE, CIVIL SERVICE, SCHOOLS AND MUNICIPAL INSTITUTIONS.

Action Deferred—ON PROPOSED RESOLUTION IN MATTER OF REQUIRED READING OF SPECIFIED BOOK BY STUDENTS OF WRIGHT JUNIOR COLLEGE IN COURSE ENTITLED "LITERATURE 120, CONTEMPORARY BRITISH AND AMERICAN LITERATURE".

The Committee on Police, Fire, Civil Service, Schools and Municipal Institutions submitted the following report:

CHICAGO, January 8, 1965.

To the President and Members of the City Council:

Your Committee on Police, Fire, Civil Service, Schools and Municipal Institutions, to which was referred (on December 29, 1964) a proposed resolution to request Your Committee to investigate the policy of requiring students to read James Baldwin's "Another Country" in contemporary literature courses at Wright Junior College, begs leave to recommend that Your Honorable Body pass the proposed *substitute* resolution transmitted herewith.

This recommendation was concurred in by 8 members of the committee, with 3 dissenting votes.

Respectively submitted,

(Signed) JOSEPH P. BURKE,
Chairman.

Alderman J. P. Burke moved to adopt the substitute proposed resolution.

Request being made by two aldermen present (Alderman Chew and Alderman Despres) to defer further consideration of the committee's report for final action thereon to the next regular meeting of the City Council, consideration thereof was so *Deferred.*

The following is said substitute proposed resolution transmitted with the foregoing committee report:

Whereas, Wright Junior College is one of the City of Chicago's tax supported junior colleges that offers graduates of high school two years of college work; and

Whereas, The book "Another Country" by one James Baldwin is currently required reading in a course entitled "Literature 120, Contemporary British and American Literature" now being offered to students of Wright Junior College; and

Whereas, Although "Literature 120" is an optional course at Wright Junior College, a student at the college must include in his curriculum a minimum of optional courses in addition to those required by the school; and

Whereas, A reading of "Another Country" discloses that the book extensively dwells upon homosexual activity as though it had redeeming social value and extensively employs throughout its text vulgar, scurrilous, vile and revolting words and expressions; and

Whereas, Public controversy has arisen as to whether the Chicago public school board, the ultimate authority controlling the course of study and reading material in the Chicago Public Schools, should require those attending Wright Junior College who enroll in "Literature 120" to be compelled to read "Another Country" and

Whereas, The council of the City of Chicago as the city's legislative body wishes to publicly announce and declare its view that the Chicago public school system should not compel the reading of "Another Country" and in fact such requirement is a serious violation of the rights of the individual student;

Now, Therefore, Be It Resolved, That the City Council of the City of Chicago hereby spreads of record its unqualified condemnation of requiring any student within the Chicago public school system to read the book "Another Country" by James Baldwin.
